

Subject Overview - French

Aim high & be a Star

Our curriculum

The curriculum is built on the foundation that knowledge will build on knowledge so that children know and remember more over their school journey. To achieve this, the curriculum must be grounded in educational research to ensure that it is a driver to success. The overview below states how our history curriculum achieves this.

Teaching and Learning Cycle

The sunshine model outlines the effective delivery of information over the course of a lesson. It allows for recapping of prior knowledge; the sharing of information; the use of assessment to check understanding; the opportunity to practise whilst being supported through scaffolding and the review of learning which will inform the next steps in learning. This cycle of learning should be viewed alongside the Aspire values and Aspire learning skills.

Aims

Our aim is to develop the confidence and competence of each child in the foreign language they are learning. Our goal is for them to be passionate, curious and confident about their own foreign language learning abilities when they finish the primary school phase of their education.

We will help them develop and demonstrate substantial progress in the 5 key language skills necessary for learning French:

- Speaking
- Listening
- Reading
- Writing
- Grammar

National Curriculum

Our whole school approach to language teaching and learning is in line with the recommendations of the National Curriculum and the requirements outlined in the Department for Education Languages Programme of Study for Key Stage 2.

The National Curriculum for languages aims to ensure that all pupils:

- Understand and respond to spoken and written language from a variety of authentic sources
- Speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation
- Can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt
- Discover and develop an appreciation of a range of authentic writing in the language studied.

By the end of key stage 2, pupils should be able to:

1. Listen attentively to spoken language and show understanding by joining in and responding.
2. Explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words.
3. Engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help.
4. Speak in sentences, using familiar vocabulary, phrases and basic language structures.
5. Develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases.
6. Present ideas and information orally to a range of audiences.
7. Read carefully and show understanding of words, phrases and simple writing.
8. Appreciate stories, songs, poems and rhymes in the language.
9. Broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary.
10. 10. Write phrases from memory, and adapt these to create new sentences, to express ideas clearly.
11. Describe people, places, things and actions orally and in writing.
12. Understand basic grammar appropriate to the language being studied, including (where relevant): feminine, masculine and neuter forms and the conjugation of high-frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English.

Assessment

Two forms of assessment are available at the end of every Language Angels unit:

- Peer and self-assessment 'I can do...' grids. A quick and easy way for all pupils in the class to record which units they have completed and the progress they are making.
- More detailed skills based assessments using bespoke skills assessment worksheets.

This form of assessment enables us to determine the learning and progression of all pupils in the key language learning skills as well as monitoring their progress against the 12 attainment targets stipulated in the DfE Languages Programme of Study for Key Stage 2. Key Stage 2 children at Greenways Primary Academy will complete an end of unit skills based assessment (as described at paragraph 2 above) at the end of each term. Teachers will mark these assessments and are encouraged to record assessment outcomes by using the Pupil Assessment Score tracker on the Language Angels website in order to effectively track progress. The assessments can be located within the documents provided with Lesson 6 of each module unit through the Language Angels website.
